Problem Statement

Madam's Boutique is the leading store of branded and designer clothes for women. The boutique has tie up with various designers whose collection is on their display. Also different apparel, accessories collection is also available with the store. The website must be designed for this boutique showing the collection of clothing of various brands, designer, unstitched garments. A website needs to be developing for the boutique which must display all the collection.

Requirement Specification:

The Web site is to be created based on the following requirements.

- 1) The Home Page should be created making use of sections with a suitable logo.
- 2) Collection must be made more categorized as per the designers and types of attire.
- 3) Color combination must be made more précis in the application so that clothes must be properly highlighted.
- 4) Navigation needs to be smoother.
- 5) Comparison of different brands must be included in the website.
- 6) Gallery section of the boutique's hit collection must be included.
- 7) The look and feel of the project must be made user friendly and uniformity in the color combination must be maintained.
- 8) About us, Contact Us (address and map) must be added.
- 9) Images must be added with its alt attribute defined.

Hardware/Software Requirements

Hardware

- A minimum computer system that will help you access all the tools in the courses is a Pentium 166 or better
